**Re: Letter of Commitment to the Global Compact**

Dear Mr. Secretary-General,

with this letter, I am honored to declare that Cattaneo Zanetto & Co. SpA supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption. With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals. Cattaneo Zanetto & Co. SpA will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within 3 (three) months of joining the Global Compact, and annually thereafter according to the Global Compact COP policy.

I will be personally available to your staff and the Global Compact organization for any future communication or request of information. We look forward to supporting the Global Compact in any way, in all the countries where we operate.

Yours sincerely,

Mr. Paolo Zanetto  
Chief Executive Officer
