Dear Mr. Secretary-General,

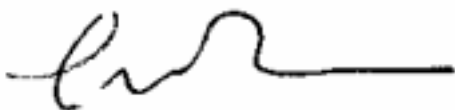

We originally joined the Global Compact, under our previous corporate name (Planète Marseille SARL) in 2006, but we unfortunately have been expelled on 01-01-2010 for failure to communicate on progress. We apologize for this failure, due to our misunderstanding on the obligation to communicate linked to the fact that the person who was in charge of this project within our organisation left the company in 2007, without warning me of this obligation. Please be assured that we shall organize things the proper way in order to fulfill our yearly obligations in the future.

I am today pleased to re-confirm that Mailclub S.A.S. supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption. With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals. Mailclub S.A.S. will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the Global Compact, and annually thereafter according to the Global Compact COP policy.

Sincerely yours,

Charles Tiné  
CEO
