Paris, April 28 2011

SCOR SE is currently finalising its Communication on Progress due on the 28th of April. Part of our COP is already integrated in the relevant section of our 2010 annual report.

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

Unfortunately, we are late in creating, sharing and posting our COP report due to a work load related to the organisation of our General Assembly due to be held early in May.

We therefore kindly ask for an extension period in accordance with the UNGC COP guidelines.

Yours faithfully

Gregory Soudan
