

BILIM PHARMACEUTICALS GRACE LETTER ON UN GC COP REPORT

We, as Bilim Pharmaceuticals, have signed the Global Compact last year, on the 15th of April.

We have integrated our sustainability strategy into our operations and business activities. We exercise various projects and activities to foster our commitment to sustainability.

Last year, we have issued our first Corporate Responsibility Report (CRReport'09). You can find the report on

http://www.bilimilac.com.tr/en/corporate_responsibility/corporate-responsibility-report.aspx

Our second report (CR Report'10) is ready and is at the design and translation to English phase. We have used the GRI methodology in line with GC COP.

We were intending to send our report to you before the 30th of April but finding the right translator was a big hassle. We will most probably submit our report to you no later than the end of May.

Thanks for your understanding,
Best Regards,

Esra Cakir
Corporate Communications Director
Bilim Pharmaceuticals
