United Nations Global Compact
May 4, 2011

Dear United Nations Global Compact,

This grace letter is to request a 90 day extension to submit our 2011 Communication on Progress. As an continuing member of the United Nations Global Compact we are very pleased to have been honorable participants for the past four years. Although we are a small/medium business, we have sales offices spread throughout 50 countries so it takes time to assemble all the information required for the annual COP.

We are very eager to continue our participation and would like to share with the public all of the advancements ACT Global has undergone in the past year to help our industry and our community as a whole. Please take this grace letter into consideration. We thank you in advance for your time and understanding.

Best regards,

A handwritten signature in black ink that reads 'John Baize'.
