The Global Compact Office

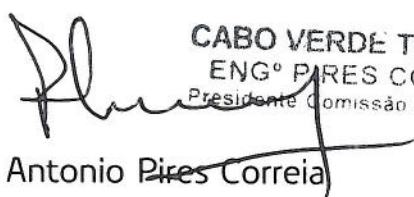

Subject: Grace Letter- Request a COP due date extension

According to the due date the second COP of CVTelecom is to be delivered tomorrow, May 21st.

However, due to some organizational constraints, we will not be able to deliver it on the due date. Thus we write this grace letter requesting an extension of its delivery, expecting that it will be done in 15 days, ie 06/06/2011.

We apologize for any embarrassment that this may bring to your work and thank you in advance for your understanding.

May 20th 2011
