

14 June, 2011

We recognize that a key requirement for participation in the UN global compact is the annual preparation and posting of a Communication of Progress (COP) that comprises a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

According to our COP preparation timeline, which takes few months every year including external verification, COP gets ready for sharing externally at the end of 2Q. Therefore due to the difference between the UN Global compact and BP COP sharing timelines, we are sorry to be late in posting our COP report on your website.

We therefore request for an extension period till end of June, when our COP report will be verified externally, ready to be posted.

Sincerely Yours,
