ASSUNTO: UN Global Compact

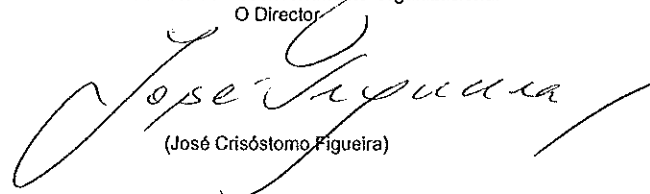

Dear Mr. George Kell,

In April 2008 EPAL decided to join to United Nations Global Compact, confirming the support to the ten principles concerning the respect to human rights, labour rights, the environment and anti-corruption.

A key requirement for being a Global Compact participant, is the annual submission of a Communication on Progress (COP), in this sense, we propose to submit our communication until 15th July, since we will be having our Sustainability Report by third partie Verification within 10 (ten) days.

Best Regards,

EPAL – Empresa Portuguesa das Águas Livres, SA
DSO – Gabinete de Desenvolvimento Organizacional
O Director

(José Crisóstomo Figueira)
