

HANDS ON
the Better Tomorrow Plan

The Better Tomorrow Plan is
Sodexo's sustainability plan
for a better future

sodexo
Quality of Daily Life Solutions

#6 - July 2011

The World's population is expected to reach 7 billion in October 2011. Both in developing and developed countries, there is inequality, vulnerability and poverty.

As part of the Better Tomorrow Plan, Sodexo is committed to support local community development in all the countries where we operate by 2015.

Be engaged with us!

Protect the Environment Stop Wasting Food – United States

Sodexo launched the "Stop Wasting Food" campaign on September 2010 to ask college students to consider the environmental impact of food waste. The campaign had one simple goal: winning student support for cutting food waste to curb climate change.
