RE: Grace Letter

To Whom It May Concern:

We are aware that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises a statement of continued support to the UN Global Compact, a description of actions regarding the principles, and a measurement of outcome or expected outcome.

Our report is due October 19 2011, which we are currently working on but will be unable to complete by the deadline.

We hereby ask for an extension period in order to be able to post a COP describing the efforts made by our company to implement the principles of the Global Compact. We would post our COP at the Global Compact website no later than December 31, 2011.

Thank you for your consideration.

Respectfully,
