Dear Georg

I am writing to ask for a deadline extension for submitting the Communication on Progress (COP) of the Office National Des Aéroports (ONDA).

The Department of Sustainable Development of ONDA is currently undergoing a strategic reorganisation. ONDA remains committed to fulfil this Global Compact requirement and the COP will be published in due time.

I trust this meets with your approval, and I look forward to sharing the document with you within a few weeks time.

Best regards,

Driss Omari, Ph.D.  
Chairman  
Department of Sustainable Development  
Office National Des Aéroports
