Subject: FW: CoP - UN Global Compact 2007 - Tata Industries Limited
Importance: High

We have to submit the following as our Communication on Progress on activities under the GC Programme;

1. Tata Council for Community Initiatives ("TCCI") chaired by Mr. K. A. Chaukar, Managing Director, Tata Industries invited a meeting of CEOs of major Tata companies to deploy a Programme on Corporate Sustainability ("CS"). It addresses identifying and mitigating environmental risks – as intended in Principle 7 & 8 of UN Global Compact. This was deployed through an elaborate CS Protocol now formally adopted by all Tata companies.
2. TCCI is also coordinating the creation of a campaign – a film on Tata CS aimed at capturing and dissemination of best practice in women empowerment, sustainable livelihoods and environmental management addressed in Principle 3 and 8 of the UN Global Compact. This would reach all employees, NGOs and government in India and countries where Tatas have a presence.

With best regards,
Sincerely,
Shastri
