### Communication in Progress

Year 2008

### STATEMENT

Being a good corporate citizen is an ambition enthusiastically embraced at all levels within our units business. As a member of the Global Compact, we believe that our business policies incorporate the ten principles. Our board fully supports our action in working towards sustainability goals – in particular those contained in the UN Global Compact – and endorse the future priorities and specific targets we set out in our report.

Through our support of the United Nations Global Compact, we also aim to move the agenda forward on performance related to human rights, labor rights, the environment and the fight against bribery and corruption.

Here we provide our performance of 2010-2011 with cross-references to the related GC principles.
