Sevran, November 28th, 2011

Dear Sirs,

In accordance with our obligations as a member of UN Global Compact, we have to prepare a Communication On Progress (COP) for November 30th, 2011.

As it is the first COP we have to do since the date of our membership (2010), we have not finalized yet our report, but we expect doing it for January 15th, 2012 at the latest.

That is the reason why we would be grateful if you could grant us an extension of the COP due date.

Yours faithfully.

Jean.Paul Maillard
VP Sales & Marketing
