

**Jimmy D. Samartzis**  
Managing Director  
Global Environmental Affairs and Sustainability

November 17, 2011

Mr. Jerome Lavigne-Delville  
Head of Participants Management and  
Communications on Progress  
United Nations  
New York, NY 10017  
USA

Dear Mr. Lavigne-Delville,

This letter is to request an adjustment to the United Airlines Communication on Progress submission deadline. We would like to request that our deadline be extended to September 2012 in order to better reflect our current reporting cycle. As you may know, United Airlines and Continental Airlines announced the merger of the two companies in October of 2010. We continue to focus on the merger of the two subsidiary carriers and are working towards a single operating certificate to merge the operations of the two airlines.

An adjusted reporting deadline of September 2012 will coincide with the subsidiary United Airlines reporting cycle and will reflect our continued progress of integrating the two airlines.

United Airlines is proud to be a signatory to the United Nations Global Compact and we look forward to our continued participation. Thank you in advance for your consideration of this request.

Sincerely,

A handwritten signature in black ink, appearing to read "Samartzis", with a stylized flourish at the end.

Jimmy Samartzis
