Dear Global Compact Office,

It has been our real honour joining UNGC and share the spirit and principles of your organization. In order to carry on and support the spirits, our company Joeun Systems has been doing its best efforts in participating UNGC events and also preparing COP for year 2011.

However, because of some changes in our relationship with one of our customers and labor union, our COP draft schedule has been delayed, and we may need more time to amend our schedule as well as COP draft. As it is our first time submitting COP, we are giving our whole mind to preparing it, which might have caused this delay.

Please understand this circumstance and it would be appreciated if you could allow us an extension of COP due date of 90 days for this term.

Thank you.

Sincerely yours,
