

diseño y metalmecánica

October 6th, 2011.

Ban Ki Moon, Secretary General
The United Nations
New York, NY 10017

Dear Mr. Secretary General

I am pleased to confirm that DISEÑO Y METALMECANICA SA DE CV reaffirms its support of the Ten Principles of the United Nations Global Compact in the areas of Human Rights, Labor Rights, Environment and Anti-Corruption.

In this Annual Communication of Progress, we describe our actions to continually improve the integration of the Global Compact and its principles into our business strategy, culture and daily operations.

Sincerely Yours

Felipe Nieto
President
DISEÑO Y METALMECANICA SA DE CV

diseño y metalmecánica

HUMAN RIGHTS

ASSESMENT , POLICY AND GOALS

At Diseño y Metalmecanica we support and respect the protection of basic and Internationally proclaimed Human Rights

No human right abuses are perpetuated in our premises and it is our responsibility that our actions surpass Diseño y Metalmecanica and that our employees know and execute in their lives the Universal Declaration of Human Rights.

This is the basis of a peaceful environment of mutual respect within our workforce.

IMPLEMENTATION

Diseño y Metalmecanica ´s protection of Human Rights is backed up by two basic forces:

- The Labour Laws in our country that are based Human Rights protection
- The additional benefits given by our company that surpass the Lawfully required

We do not discriminate against race, religion, sex , social origin, property, birth, colour, politics or any other status

Our employees have the right to express their opinions in many manners (from directly with their supervisors to any level and thru a suggestion box where they can remain anonymous or not)

Our code of conduct requires that employees treat each other with respectand consideration.

diseño y metalmecánica

We do periodical Organisational Climate questionnaires to evaluate the overall relationship of the different levels of management and plant employees.

MEASUREMENT OF OUTCOMES

The turnover rate at Diseño y Metalmecánica is less than 3% annually. The average tenure of our employees is 5 years.

LABOUR

ASSESSMENT , POLICY AND GOALS

Diseño y Metalmecánica has Unionized and non-unionized employees. The Collective Contract we have with our unionized employees is extended to all other employees and therefore gives all of them the same rights.

The rights and obligations all coincide with the Mexican Labour Law, that recognises UN Global Compact principles 3 to 6 as follows :

- The right to free association and collective bargaining
- The prohibition of forced labour
- The prohibition of child labour
- The elimination of discrimination for employment and occupation

IMPLEMENTATION

All employees sign and recognise their rights and obligations as they are hired.

The labour risks are explained to each and every employee and safety investments are done on a recurrent manner, plus no employee can be in the factory without safety equipment.

diseño y metalmecánica

All employees are subject to have higher qualifications independently of their sex and age. We do in-house training for all skilled employees.

Our employees can present demands and/or requirements at any time be it thru their Union Representative or in person with the immediate Supervisor. Additionally , and annual negotiation of Contract occurs thru the Representative to negotiate salaries and other benefits.

MEASUREMENT OF OUTCOMES

The workforce at Diseño y Metalmecánica continues to negotiate peacefully and successfully year after year. Unionized and Non Unionized workers meet and negotiate to present a joined proposal every January.

Thru our training, we have been very successful at having women do jobs that were traditionally make dominated, such as stamper, quality inspector, production supervisor. 50% of our workforce are women , many of them in what used to be male occupations.

ENVIRONMENT

ASSESMENT , POLICY AND GOALS

We have a firm commitment with our environment. We comply with every of the lawful requirements, but do additional actions to add to conservancy as much as we can.

Diseño y Metalmecánica supports Principles 7 to 9 of the United Nations Compact thru the following actions:

diseño y metalmecánica

IMPLEMENTATION

We comply with the basic Mexican Environmental Law

We comply with the specific rules that apply to the stamping and metal industries

We have specific separation of residues policies and we have all the containers to do it properly

We have contracts with specialists in recycling of non traditional residues such as toners and electronic equipment

We use recyclable packaging with the customers that require / permit it

MEASUREMENT OF OUTCOMES

We separate all residues from our factory

We donate all obsolete electronic equipment to a professional recycling facility

We recycle the stamping oil properly

We recycle all cardboard

We recycle all paper

We recycle all soda cans

We recycle all plastics

We conserve energy by reducing the 3rd shift t

We recycle all scrap metals

We do not use any disposable plates or silverware

We provide water in the plant to avoid the purchase of water bottles

ANTI CORRUPTION

ASSESSMENT, POLICY AND GOALS

We do not engage in any actions that can imply corruption. The moral and economic costs of corruption do not fit into our corporation philosophy.

diseño y metalmecánica

We believe in things done the right way and we assume the time and costs this may generate will always be lower to those of corruption.

Diseño y Metalmecánica supports Principle 10 of the United Nations Global Compact.

IMPLEMENTATION

We as owners personally supervise all purchasing, contract signing and every process that could imply potential corruption, extortion or bribery.

Corruption and / or bribery is a cause for expulsion from our company.

The quoting processes, signing of checks and cash management is under strict surveillance and has control mechanisms that do not permit corruption or deviations.

MEASUREMENT OF OUTCOMES

Diseño y Metalmecánica does not engage in client entertaining outside from better service and conditions.

Our employees are not entitled to receive gifts from suppliers of any kind.

We purchase large amounts and varieties of raw materials and seek out multiple quotes for small and large purchases.

IT HAS BEEN OUR POLICY TO COMPLY TO BASIC PRINCIPLES OF HUMAN RIGHTS, LABOUR REGULATIONS, CARE OF THE ENVIRONMENT AND RIGHTFUL BUSINESS FOR THE LAST 50 YEARS.

diseño y metalmecánica

OUR FAMILY OWNED BUSINESS HAVE BEEN SUCCESSFUL UPON THE SAME PRINCIPLES THE UN SUPPORTS AND THEREFORE WILL CONTINUE TO WORK FOLLOWING THOSE LINES.

This is our main statement and commitment to re-commit to this UN effort.

We kindly ask you to reconsider our petition.

Respectfully,

Felipe Nieto
PRESIDENT
