JOURNAL

Regarding: **Grace Letter**

To Whom It May Concern,

Since Gottlieb Paludan must foresee a delay in our communication on progress, we kindly ask for additional time to submit our upcoming COP.

The delay is due to the fact that Gottlieb Paludan recently acquired another company, hereby increasing our volume with roughly 100%. We are currently in the process of creating a new, joint company with common values and strategies.

Our COP is currently due for submission on February 3rd 2012 and after the requested extension our next COP will be submitted to the Global Compact website no later than May 3rd 2012.

We thank you in advance.

With kind regards,

Kristian Hagemann
