Grace letter

To whom it may concern,

Dear Madam, Sir,

This grace letter is an application for extension of our annual Communication on Progress.

The *SKF Annual Report 2011 - Financial, environmental and social performance*, (which is SKF's major Communication on Progress on the 10 principles set by UN Global Compact) is scheduled to be released in public on March 13th 2012. Would it therefore be possible to extend our deadline?

Best Regards,

AB SKF
