February 24 2012

United Nations Global Compact  
To Whom It May Concern

### Communication on Progress (COP)

We refer to above-mentioned matter for which the deadline to submit the COP has passed. We were supposed to submit by February 22 2012.

The two main contact points as listed in the organization profile had left the organization middle of last year and we regret to inform that no one followed through the requirement needed for the submission of Communication on Progress because no staff was briefed by the two main contact points before their departure.

Due to the COP submission deadline notice was sent to the contact point which, as informed earlier, had left the organization, we are not aware of the notice until we receive a reminder from the Local Network. However, it was too late for us to submit the COP before the deadline.

We would like to apply for a grace period of 90 days which we hope your office would kindly consider and approve.

We have started to work on the COP and the organization profile in the Global Compact website has also been updated with new contact points.

We hope to receive a positive response to our request.

Yours sincerely,  
**The Frangipani Langkawi Resort & Spa**
