

**27.2.2012**

**Request for a COP due date extension**

We (Fazer Confectionary) are requesting a COP due date extension since our participation will be changed to a Fazer Group level participation.

We have been participating in Global Compact through our Confectionary business since 2005, but are now changing our participation to the Fazer Group level. We will in the future report on our COP for the whole Fazer Group and for the annual year, since our financial year equals the annual year. Our next COP will thus cover a period of two years (2010 and 2011) and it will cover the whole Fazer Group.
