

Dear Sir,

Due to political changes occurring in Egypt and the revolution consequences that affect all life aspects: business and specially our social activities, therefore, we appreciate getting a grace period in order to terminate the unaccomplished projects sponsored by “**Hashem Brothers for Essential Oils & Aromatic Products**” and document all developments achieved by these projects to include it in our COP that will be submitted to the “Global Compact”.

Your understanding and cooperation is highly appreciated.

Best regards,
Sohaila Hashem
Managing Director
