Subject: Grace letter

To whom it may concern,

We are aware that the deadline for submitting our company's annual Communication on Progress (COP) to the Global Compact website is on April 13<sup>th</sup> 2012, however we wish to request a Grace Period of 90 days.

The reason for our request is that Global Compact Colombia will give a seminar of COP elaboration on March 29<sup>th</sup>, and we consider that it will provide us the important guideline we require to submit a better report.

We remain committed to the UN Global Compact and to reporting on our progress, so we kindly request this Grace Period in order to prepare our COP in a professional way.

Thanks for your attention.

Sincerely,

JAIME ZAPTA FRANCO  
CEO

Maria Alejandra G.
