

To our Stakeholders

Tofuture Oy is pleased to continue its commitment of the Ten Principles of the United Nations Global Compact in the areas of Human Rights, Labor, Environment and Anti-Corruption.

Tofuture Oy offers consulting services and training in the field of Corporate Responsibility and Sustainability. We also offer software solutions to collect, analyze and consolidate the information needed for sustainability management, and for communicating it to various stakeholders. Tofuture Oy is a Certified Training Partner for GRI (Global Reporting Initiative) in the Nordic countries.

Being a pioneer in our industry, we are developing corporate social responsibility for our own operations as well through our consulting, training and software services for our customers being globally acting companies in services, logistics and retail and in various industries like energy sector, metal and engineering, chemical and forest industries. We constantly work to maximize the value that our solutions can offer our clients. Increasingly, the focus on sustainability management includes monitoring and managing the impacts caused in the supply chain of our clients. This also challenges us, Tofuture Oy, to develop and improve our competencies and services on various aspect related to supply chain management.

The 10 principles Global Compact is based upon, are integrated in our company culture and policy. In addition, the principles are generating the base for our professional services. Tofuture Oy joined the UN Global Compact in 2010. For a small consulting and software company this means taking a good care of our employees and to protect their rights and well-being. In our operations we focus on energy efficiency in our offices, efficient processes and business travel. The greater impact to the global sustainability is created through our services. Therefore we focus both on our internal responsibility, and on external impact that we are able to generate, to support the ten principles.
