

**Participant ID: 11385**

It is submitted that the Management of FFC has changed and the new MD/CE of FFC has just taken charge today. The deadline to submit the COP is 28-03-2012. Though the Sustainability Report, based on GRI guideline, is completed it needs final approval of the management. Therefore it is requested to give me a month's time to fulfill the COP requirement and post the Sustainability Report on the UNGC and FFC websites.

Your support in this regard will be highly appreciated.

Kind Regards,

Maliha Malik
