Communication on Progress – Grace Letter

Ladies and Gentlemen,

as one of thirst companies HELOG Lufttransport KG joined the Global Compact in Germany in 2001. Since then HELOG regularly submitted its Report on Progress and thereby indicated its commitment to the Global Compact and the 10 Principles.

We unfortunately missed to send a report in 2011 and are therefore listed in the “non-communicating” list of participants.

Our Report on Progress 2012 is in progress already. However, due to the extensive work load in our operation at the moment, caused by several new starting helicopter missions in Africa, we kindly ask you to grant us a grace period of 90 days, which will give us enough time to finish our report.

Your appreciation in our matter will be highly appreciated and we wish to thank you in advance for your understanding and assistance.

Kind regards
HELOG Lufttransport KG
