Dear Sir

Sub: Grace Period for submission of COP

I am writing you on behalf of Sterlite Industries (India) limited. We are signatory of Global Compact since 2008. We are regularly submitting COP to your good office on annual basis. Our COP related information is captured as a part of our annual Sustainability report based on GRI reporting framework. We have included reference to Global Compact principles as a part of GRI index. Since last year onwards we shifted completely to Online Sustainability reporting format through a dedicated microsite on Sustainability on our company's website (<http://www.sterlite-industries.com/microsite/index.html>).

While updating link of microsite as COP for the year passed by, we realized that we need to submit the Pdf format of website as well, which currently is not available with us. We would require a week's time to prepare the same and submit to Global Compact. We therefore request you kindly give us some grace period of say another 8-10 days for completion of the same.

We look forward to positive response from your end.

Yours faithfully

With regards

Lovish Ahuja
