

Global Compact Office / Grace letter

Dalstorp 2012 04 25

Dear Sirs,

Götessons have during the first three months of 2012 increased our sales by 30%. In 2011 we increased 56%. This has meant a much higher speed, more orders and more work than we had predicted.

Because of this, we have unfortunately not filled out the documents you requested. We ask for a few days' notice, and we will get the papers ready as soon as possible.

Best Regards

Johan Götesson
Managing Director
