

Brasília (DF), Brazil, May 25<sup>th</sup> 2012

Dear Global Compact Communication on Progress Team,

We request an extension of our deadline for COP's publication in 2012 so we can finalize the preparation of Banco do Brasil's 011 Annual Report, which will occur in the coming weeks.

Banco do Brasil emphasizes its commitment to the Global Compact Principles. This is represented by the endorsement of our CEO with the Letter of Commitment to the Global Compact for the Rio + 20, last week.

Sincerely,

Wagner de Siqueira Pinto  
Executive Manager  
Unit of Sustainable Development  
Banco do Brasil
