Our mission is to achieve excellence in providing total solutions to our clients satisfaction, continuous profitability, loyal employees, and the positive contribution to the community and work environment. Our vision is to become a global company known for providing professional services in law, finance and industry – specific to satisfied and loyal clients all over world. Our strategy is to provide an integrated and innovative solutions using a total systems approach to single – minded focus that can meet or even exceed our client expectations.

## **The Implementation of Global Compact Principles**

### ***Human Rights***

HSPpartners always incorporate human right in running its business and providing its legal services because HSPpartners realize that human rights are the very basic of every human being and must be enforced in addition to the above legal considerations given to the client's business & partners.

Our Firm takes concrete steps in fighting for human right by participating our Legal Services as one of Professional Pro Bono Lawyers for a bank officer whom accused by Indonesian General . Attorney committed of doing criminal act at Central Jakarta District Court.

Ironically , the daughter of the plaintiff has been choosen as agent of changing of young generation.

We providing our services by review the documents, mapping the case, going to any political party whom committed to find way out for our client once we presented the case to them. We even reported the case as violation of human rights to the National Human Rights Commission as an official institution established by Indonesian Government to protect the citizens right from being violated or threaten unfairly by Government.

### ***Labor***

Our Company genuinely is a corporate law firm that runs side by the side with the business activities. Trained professional staff and experts in their field to our company. To improved the quality and professionalism of employees, we are giving them the opportunity to participate in education and seminars, including education and training to meet the standards of professional competence. The working relationship between colleagues in the quality and mutual respect. In fact we sent one of our lawyer to get LLM degree at Leiden University in the Netherlands. We implement reward and punishment system in implemented our working environment in accordance with their respective accomplishment .

## ***Environment***

We participated directly participated with the former vice president of the Republic of Indonesia Jusuf Kalla and others communities in promoting Indonesia to maintain and preserve the environmental conservation in the region of the island of Komodo in Nusa Tenggara Province. Komodo Island has a nature wealth that needs to be preserved, including the feared Komodo animal will become extinct if no conservation efforts. Komodo dragon are ancient animal protected the animals from extinction and since the eighties has also been a concern of the world organization UNESCO. Through series of activities since November 2011, we promote the conservation to the Indonesian People in Indonesia and abroad, as well as to world citizen, to increase public awareness of Indonesia and the international community to preserve the environment and conservation of Komodo Island, Including a protected animal.

## ***Anti-Corruption***

In providing services in the fields of law, because the establishment until now, our company has always put the best attempt to avoid dealing with legal issues involving corruption. It is a principle of our company refused to cope with potential client involved in corruption and bribery
