**Object:** GRACE LETTER

Paris, 31st May 2012

Dear members of the COP team,

The EDF COP 2011 was due to 31st May 2012. Unfortunately we have not been able to meet this deadline ; the previous years our COP was posted in July and 2011 was clearly an exception.

Owing to the constraints in the availability of our online 2011 Sustainability report and the will of EDF to reach the "GC advanced" this year, we request from you to obtain a grace period as it allowed by the GC rules.

Thanks in advance for your understanding and be sure that EDF will be a continuous support to the UN Global Compact.

**Pierre Mazeau**
