RE: Extension of Deadline- Communication on Progress Report

We request an extension of our COP deadline to allow feedback and additional information from subsidiary companies and departments within the group.

Their input is necessary in calling out the work that has been done in our commitment towards the Global Compact 10 Principles.

We hereby commit to have our Communication on Progress finalized and submitted within the extension deadline given.

Yours sincerely,

Joy Okello

Account Director, SCANAD

Scangroup Liaison for UNGC.
