Dear UN Global Compact COP Team,

Through this letter we would like to request a grace period to allow us to delay the submission of our first Communication on Progress (COP) report until the week commencing September 14, 2012.

The reason for this request is that we would like to integrate the results of our engagement efforts with companies in breach of the UNGC principles or fund managers with investments in such securities. These results will be assessed and summarized over the next two months.

Thank you for your consideration.

If you have any questions, please do not hesitate to contact us.

Yours sincerely,
Wealth Management Partners NV
