Grace Letter: COP 2012 Extension Request

To our stakeholders

As participant of the UN Global Compact WGZ BANK recognizes the duty and responsibility to prepare and publish a yearly Communication on Progress (COP). Since we joined the UN Global Compact in 2008 we have underlined our commitment to the ten UN Global Compact principles on a yearly basis by submitting an executive statement of continued support, a description of practical actions taken to implement the principles and a measurement of current and expected outcomes.

We regret that this year we will not be able to meet the deadline to submit our Communication on Progress but must ask for an extension of the deadline. In order to be able to publish a COP that lives up to our efforts in implementing the Global Compact principles we need an extension of five weeks to have all necessary data available in the required detail.

Yours faithfully,

Sabine Könner

Dr. Mike Schneider
