

## HANDS ON the Better Tomorrow Plan

The Better Tomorrow Plan is  
Sodexo's sustainability plan  
for a better future

#8 - September 2011

### Sodexo: Global Sustainability Leader

For the seventh time, Sodexo has been named 2011-2012 GLOBAL SUSTAINABILITY LEADER for its industry sector by the Dow Jones Sustainability Index. This major SRI (Socially Responsible Investment) ranking recognizes Sodexo's sustainability commitments and initiatives as well as its efforts to increase its level of performance.

### Actively promote Nutrition, Health and Wellness

#### A dose of good health – United States

Since 28 years, Sodexo has been the partner of St Mary Medical Centre. In 2010, Sodexo reviewed its menus and food options to offer healthier and wellness based choices that benefit the 2,200 employees as well as patients and the medical community.

## Support the development of Local Communities

### Setting up local businesses - Tanzania

To boost local economy, Sodexo subcontracts services to local small businesses. Sodexo supports them in the launch phase so that they can own and run the business independently. This initiative has provided jobs and revenues to more than 40 families so far.

## Protect the Environment

### Resource Recovery Program– Australia

Since 2007, Sodexo has been running a program to achieve a minimal environmental footprint on our Remote Sites. Currently deployed on 20 sites, this program provides an average reduction of 30% of the volume of waste going to the landfill.
