

HANDS ON the Better Tomorrow Plan

The Better Tomorrow Plan is
Sodexo's sustainability plan
for a better future

#10 - November 2011

Reporting on our Better Tomorrow Plan progress

After its launch in 2009, Sodexo is celebrating its Better Tomorrow Plan's second anniversary. Today, Sodexo is also releasing its 7th Corporate Citizenship Progress Review which presents the results of our Better Tomorrow Plan activities in this Fiscal 2011.

The achievement of our commitments to make a Better Tomorrow for our stakeholders and the generations to come is on the right track!

The Better Tomorrow Plan in the social media age 3 priorities, 14 commitments and the willingness to influence people's practices at the sites where we operate and beyond... To engage stakeholders, Sodexo relies on social media to provide rapid learning tools (videos, online quizzes, etc.). Sustainable Fish and Seafood, Local Community Development, these major subjects are the two first of a long series of awareness campaigns...

Actively promote Nutrition, Health and Wellness

***Origo - United Kingdom and Ireland**

The *Origo food service concept focuses on offering seasonal and healthy food, using the best quality sourced local products. Because consumers information is key, *Origo provides them with the knowledge on food origin, facts about food quality and features the farmers and growers of the ingredients.

Support the development of Local Communities

Community development program – Peru

Initiated in 2008 at a large mining project of our client Xstrata Copper, the program aims at increasing communities' quality of life by offering them employment, training and development opportunities. 440 families from 5 villages have benefited from it so far.
