Quality of Daily Life Solutions

#13 - February 2012

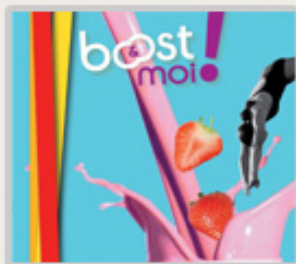

## Sodexo confirms its sustainability leadership

Sodexo has received major recognitions for its commitment thus confirming its performance as part of the Better Tomorrow Plan. Among the distinctions received:

- **"SAM 2012 sector leader"** and **"SAM 2012 Gold Class"** for the 5th year running.
- Ranked by **VIGEO** as the leading performer among 15 companies in its industry sector in Dec. 2011.
- A special mention on the 2011 report by the **FFD**, as "the most improved company in this sector this year".
- 2012 **Catalyst** Award in North America, honouring initiatives that advance women in the workplace.
- Awarded in India for promoting health in the workplace at the **World HRD Congress**.

### Actively promote Nutrition, Health and Wellness Boost & Moi! – France

Launched in January 2012, this program aims at informing consumers about the benefits of healthy food and physical exercise. It encourages them to participate to workshops such as fitness, dance, massages, healthy breakfasts or coaching. More than 600 sites will take advantage of the program.

## Commit to Local Communities

### Training for inclusion – Spain

The program's main objective is to facilitate professional inclusion of communities' members by offering them the necessary skills to get a job.

To date, 186 people have participated to the 14 training programs organized, representing around 1,800 training hours.

## Protect the Environment

### SMART Tool – North America

In January 2012, Sodexo launched SMART (Sustainability Management and Reporting Tool) in more than 90 of the countries' schools, college campuses, healthcare facilities and corporations, taking a new approach to measuring and improving sustainability efforts.
