Dear Communication on Progress Team,

On behalf of “GSM Kazakhstan OAO “Kazakhtelecom” LLP (further – Kcell) let me express our respect to you. We recognize that the key requirement for participation in the UN Global Compact is the supporting of the 10 principle of UN Global and annual reporting on continuous performance improvement.

We are late in creating, sharing and posting our report due to related preparation to our upcoming change of legal form and IPO.

We hereby ask for an extension period in order to be able to post the Communication on Progress that describes our company’s efforts and progress to implement the principles of the UN Global Compact. Our new Communication on Progress report will be posted on the UN Global Compact website by 17 November 2012 at the latest.

Sincerely yours,

Aida Dossayeva
Corporate Communications Director
