GRACE LETTER

UN Global Compact Communication On Progress

SP Moulding A/S signed up for UN Global Compact in January 2012 and we will be due to submit our first Communication On Progress on 17 January 2013.

However, in order to make our progress report with the UN's 10 principles compatible with our financial reporting cycle, which is the calendar year, we kindly ask for permission to postpone our first Global Compact Communication On Progress to end March 2013.

We appreciate the consideration given to our request and will continue our work to support and implement the 10 principles within our business operations.

Yours sincerely
SP Moulding A/S
