**Subject:** Statement of continued support by the Chief Executive Officer

Dear Mr. Secretary-General

I'm pleased to reconfirm that Aipsotiki S.A. continues to support the ten principles of the Global Compact with respect to human and labor rights, environment and anti-corruption. With this communication, we express our intent to advance those principles within our sphere of influence. We are committed in making the Global Compact and its principles part of the strategy, culture and day-to-day operation of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations. Anipsotiki S.A. will make a clear statement of this commitment to all our stakeholders.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles.

We are attaching our company's Quality, Health and Safety Policy that portrays part of the same concept required by United Nations. It is been continually reviewed and will be in our upcoming board of directors meeting in November 2012.

Sincerely yours

Mr. Ioannis Koukis  
Chief Executive Officer
