

Bogotá D.C., September 10th 2012

Ms Gordana Filipic
Participants Management Coordinator

Ms Sarah Bostwick
Communication on Progress Managers

Global Compact
Washington D.C.

Dear Ms Filipic and Ms Bostwick:

The Colombian Stock Exchange (BVC) joined The Global Compact (GC) in October 2011 as part of its commitment to social responsibility and sustainability and its alignment with the premises underlying the 10 principles that are promoted from the global initiative.

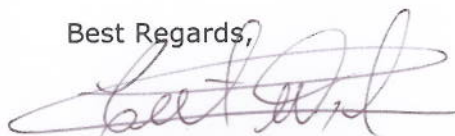

In this context, and aware that one of the commitments of BVC, as an active member of the GC, is the communication through a sustainability report or a progress report (CoP) of the actions that have been done in advance to promote and implement these 10 principles, we are formally requesting with this email an extension of the deadline for submission of the document.

This request is made with the purpose of presenting a report that will meet or will be adjusted with the deadlines of the internal management report of The BVC, that have a closure at the end of each year. In this way, The BVC would have a single procedure for preparing the management report that will include the management report of the different areas during the year and the information regarding the implementation process of the 10 principles.

Therefore, we would like to ask if it is possible to change the CoP reporting date for the end of the first quarter of the year (March 30th): date that formally publishes our management report, and from now on, our CoP. We hope you can make this change and we will continue with our commitment to support this initiative.

We appreciate your kind attention and look forward to your response,

Best Regards,

César Andrés Rodríguez
Corporate Director – Social Responsibility
