Request to extend the deadline to present our COP

Please accept our request for an extension to present the law firm's 2012 COP.

There are some final ideas we want to include in our Communication, since we recently attended a meeting where this was discussed and there are a few changes we want to make.

We are looking forward to your response so we may continue participating in this this effort to make the world a better place.

Sincerely,

Lic. Tomás H. Natividad Sánchez
Director Partner
