Dear Sir / Madam,

I am pleased to confirm that Emirates Integrated Telecommunications Company "du" supports the ten principles of the Global Compact in respect to human rights, labour rights, the protection of the environment and anti-corruption. And we have been ranked first in the S&P/Hawkamah Environmental, Social and Corporate Governance (ESG) Index 2011. The ranking comes as a result of the company's sustained efforts to enhancing corporate governance standards within the company and community.

However, our second reporting submission was due on November 9th, 2012, but our report timeline is slightly delayed this year till December 2012. With this communication, we assure that we will publish COP in December and we are requesting a 90 day extension on the COP deadline.

We would like to have your support in order to fulfil with our commitment.

Sincerely yours,

Luma Jasim Bourisly
Vice President, Corporate Communications
