UN Global Compact Office  
United Nations  
New York, NY 10017  
USA

Dear Sir/Madam

## Leadership Statement of Continued Support

In March 2007, Deloitte South Africa signed the UN Global Compact, confirming its support of the ten principles with respect to human rights, labour, environment and anti-corruption.

Deloitte continues to make these principles part of its strategy, culture and day-to-day operations. Indeed, the ten principles are still closely aligned with our firm's commitment to responsible business and our shared values of integrity, ethical principles, outstanding value to clients, commitment to each other and strength from cultural diversity.

We continuously work to integrate social, labour and environmental responsibility and sustainability in our firm, and put effort into maintaining an open dialogue with all our stakeholders. Practical actions taken by our firm to implement the Global Compact principles, as well as measurements of outcomes in the last year, are described in our latest Stakeholder Report which was released in May 2012. The full report, together with United Nations Global Compact related principles is available at [stakeholderreport.deloitte.co.za](http://stakeholderreport.deloitte.co.za)

I am pleased to confirm our firm's continued support for the Global Compact and to renew our ongoing commitment to the initiative and its principles.

Kind regards

**Lwazi Bam**
