Grace request from Nammo

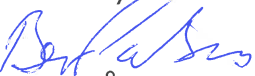

Nammo recognizes that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a COP statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

On behalf of Nammo I would like to formally request a grace period until Apr 16 2013 to prepare our initial COP for submission.

For Nammo, the process of gather the necessary information to meet the requirements for the COP is closely connected to the same process for reporting in our Annual Report, which is done in the 1st quarter of the year. We find delays in retrieving information, necessary to finalize our quantitative report at this time of the year, and therefor kindly ask for a grace period of 3 months.

Your understanding of the situation and not listing Nammo as "non-communicating" on the public website during this grace period would be most appreciated.

Sincerely

Bertil Pålserud
