RE: Adjustment Request

Dear Mr. Secretary-General,

Autodesk has been a member of the United Nations Global Compact (UNGC) since December 29, 2011. We support the ten principles of the UNGC with respect to human rights, labor, environment and anticorruption. We are committed to making the UNGC and its principles part of our operations, and to engage in collaborative projects which advance the broader development goals of the United Nations. Autodesk looks forward to reporting progress on a yearly basis.

This letter is to file an Adjustment Request to update Autodesk's Communication on Progress (COP) submission deadline from December 29, 2012, to June 1, 2013. This change, following the Global Compact COP Policy, will better align Autodesk's COP with the company's annual financial reporting. This will improve the timeliness and relevance to stakeholders of the information included in the document.

Thank you for your accommodation.

Sincerely,
