Dear Sirs,

We are aware that one of the main requirements for maintaining our membership at the Global Compact, is the annual preparation and posting of a COP, and know that we are late in creating, sharing and posting it.

Please note, this is due to a load of work during the past few months. Further, and in addition to the reason previously described, 2 of our staff (which for us, is the 10% of our employees) have been out due to maternity leave.

Therefore, we kindly ask you for an extension period in order to be able to manage a COP and post it properly. Hopefully this will occur soonest, but please bear also in mind, that this one, will be our first COP.

Look forward to your positive reply.
Yours faithfully,

Albert Rohmund
Director
