Dear Sir, dear Madam,

GW St. Pölten Integrative Betriebe GmbH has been member of UN Global Compact since December 2010. Therefore we had to make our first COP one year later - at the 2nd of December 2011.

Unfortunately we could not ensure that all the arrangements necessary for a commitment to the principles with regard to exterior communication have been done.

Therefore we officially ask you for an adjustment for the communication on progress of GW St. Pölten Integrative Betriebe GmbH, to submit the COP latest on March 19th of the year following the reporting year.

Sincerely yours

(Mag. Rost)
CEO

(Ing. Nachförg, MBA)
