Subject: Grace Letter Request

To Whom It May Concern,

As Anadolu Efes, since 29th December 2011, we are a participant of UNGC. This year, in addition to expanding the boundary level of our sustainability reporting prepared in line with the GRI Framework, we also intend to use an enhanced set of content and communication tools in order to enable stakeholders to more efficiently navigate through our sustainability vision and performance data. As of today, we have finalized reporting and production processes; hence, the report will be subject to a final review in order to submit our sustainability data accurately. Therefore, we kindly request an extension period of 90 days starting on COP due date; 29th December 2012, so that we can deliver a complete report.

Sincerely yours,

Mustafa Levent İlğün

Corporate Communications Director

Anadolu Efes Bira ve Malt Sanayi A.Ş.
