

31st January 2012

Dear Sir/Madam

Re: Intrepid Travel COP Adjustment Request

I am writing to request our COP reporting deadline be adjusted to March 31, 2013.

This adjustment will align our COP reporting with our financial and sustainability reporting cycles.

Our financial year has changed to synchronise with the financial year of our foreign parent company in UK. The parent is TUI Travel SAS Adventure Ltd (UK Company Number 01893401), with the ultimate parent being Tui Travel plc.

Extending our COP deadline will allow us time to audit and assure our financial results, and use our sustainability reporting data based on GRI standards, thus enabling us to be better equipped to supply the criteria required for the GC Advanced Level COP.

Kind Regards,

Geoff Manchester
